Summer 2019
WHY PAINT THE FIGURE

Instructor: Elisa Jensen & Guests
Class Times: Monday, July 8 – Friday, July 19 (no class on Saturday and Sunday)
Daily Session Hours: 9am – 1pm & 2pm – 6pm

Course Outline:

This figure painting class will explore in depth the development of figurative imagery in art. Focus will be on finding a personal imagery and developing that imagery to the fullest extent by working from life, from the imagination and from memory. Frequent visits to the museum and to contemporary gallery shows will be made to study specific works, contemporary to ancient; and western to non-western in order to inform the work in the studio. We will work very small to life size, making many studies and drawings in different media.
